RE: 4:14-CR-00023-A, USA [sic] v. Weast et al.

Greetings Your Honor:

I assert the natural Rights given of my Creator aka unalienable "Natural Rights", because I am a child of the King, not a servant of Baal.

Motion to Compel

NOTICE AND DEMAND FOR PRODUCTION OF DOCUMENTS

Whenever resorting to a NOTICE AND DEMAND, instead of a FOIA Request, I rely upon the definition of "demand" in Black's Law Dictionary, 6th Edition, whereby "demand" necessarily implies a right of some kind.

All questions are to be answered and all discovery completed before June 7, 2014 before the deadline in Federal court to file for a motion to compel said discovery. All parties are going to be called as witnesses, will be cross examined and shall disclose fully and completely the information demanded.

All records herein requested are to be brought forth in a timely manner by all parties and discovery shall be completed before trial can proceed. Many records requested contain exculpatory evidence, necessary to WEAST's defense and for impeachment of witnesses. Any requested records that are withheld will be criminal obstruction of justice and withholding of evidence, and all parties are being held accountable in State and Federal Court, in Pending Case numbers which will be provided soon, for the ongoing conspiracy being enacted upon WEAST as well as Chris Robert and his family.

In addition to the records listed in the attached Freedom of Information Act demand, specific disclosure of the following video tapes, audio tapes, audio recordings and documents are critical to any forthcoming hearings.

All records are discoverable under the Freedom of Information Act/Privacy Act and all information is critical to the public knowledge of the methods and operations of government agencies; also the People's right to know is paramount and as such I am lawfully entitled to every document bearing my lawful name or picture of Chris Robert or the name and/or picture of the defendant, CHRISTOPHER ROBERT WEAST. According to judge Bennett, Oregon Case law 1997, Lincoln County, anything the judge sees is to be disclosed to everyone or not allowed to be used in a court of evidence.

Any hearings or trials held before discovery is completed by all parties will be a violation of WEAST's civil rights and liberties of due process, and all parties shall be held accountable.

Parties specifically named are in ALL CAPS and are all being individually served, as well as those named in the body of the FOIA demand and addendum. All parties are expected to read the entire document and produce records that apply to them wherein demanded.

1. The PROSECUTOR shall produce a complete witness list, and complete information disclosing the intended testimony of each witness; also the relevance and purpose of each witnesses testimony that they are going to call. WEAST expects an accurate list that will not be changed many times before trial. I expect this information in a timely manner, at least ten days before any trial in Federal Court.

2. The PROSECUTOR shall produce factual evidence and a witness with firsthand knowledge the codes and statutes are
